

St. Thomas More School

**You Mean
More To Us!**

Chancellors Fund

St. Thomas More School Meets a New World

Many of the traditions of St. Thomas More School are still intact today; however, these traditions have met new cultures on a global basis. With a growing number of our students coming from all over the world, especially the Pacific Rim, our students now have the opportunity to experience new and exciting ways of life in a learning and nurturing environment. The STM tradition of developing the mind, strengthening the body and fostering the spirit is still alive today, and growing stronger by the day.

Chancellors Fund

Gifts to the St. Thomas More School's Chancellors Fund help the institution offset the costs of providing a high quality, world-renowned education. These very important gifts allow us to further provide:

-  Scholarship aid for deserving students
-  Educational materials and equipment
-  Student activities, both on and off campus
-  Athletic equipment for interscholastic competition and intramurals
-  The St. Thomas More School Library Fund

The Numbers

The size of your gift is important, but not as important to STM as is the number of our extended families supporting the mission of St. Thomas More School. The higher the percentage of our constituents providing funds to the school, the better the chance of STM garnering large federal and corporate grants to aid in capital projects, such as new buildings, athletic facilities, and other bricks and mortar capital improvements for the institution.

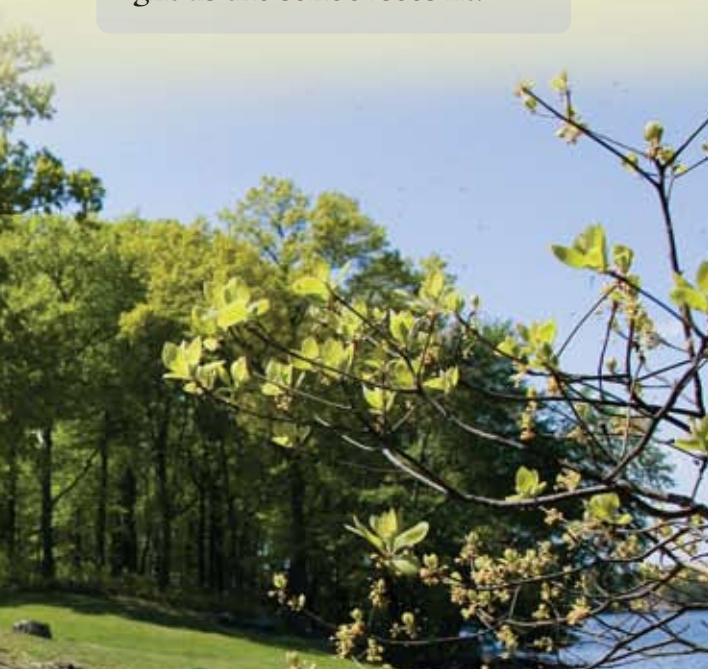

How Do I Give?

Simply fill out the form on the back of the return envelope and designate where you would like to see your gift directed. You can also go on the web at www.stmct.org and make your tax deductible gift online.

At St. Thomas More School, we are still reaching for the stars!

Your tax deductible gift to The Chancellors Fund can be directed to many areas or can be given unrestricted, allowing STM to utilize the gift as the school sees fit.

**We appreciate
your support!**
