### **College & University Tours:**

**I**nternational students will be exposed to high-profile colleges and universities. Visits will include Harvard University, Yale University, The Massachusetts Institute of Technology and Boston College. The aim of these experiences is to provide our students with the feeling of their ultimate goal- *Attending a top 25 American university!*

### **Why it works:**

**T**he English Language institute has been preparing international students for American study for years. The cornerstone of the program is the immersion process. Students are matched with an American roommate and are required to participate in traditional summer camp activities in the afternoon. A supervised evening study gives students the opportunity to have an undistracted learning environment to work on their homework and studies.

### **Recreational Activities:**

**S**tudents are offered opportunities to play tennis, basketball, beach volleyball, kayak, canoe, swim and lift weights. Twice a week the entire camp goes on a field trip, which in itself is a culturally enriching experience. Every Saturday night, all campers go to our local movie theater.

### **The Regular School Year Program:**

St. Thomas More Schools' ESL program is renowned for preparing students for mainstream classes and study in America. The ESL program is designed for international students entering grades 7 through 12. All graduates from St. Thomas More School have college options- most at US Top 50 Universities! Routinely, STM international students are accepted to universities such as: University of Michigan, Brandeis University, Carnegie Mellon University, Penn State University, Indiana University, Purdue University, Boston University, New York University, University of Washington, University of California @ Berkeley and MANY more!
